AvaSure Episodic™

Powered by AvaSure's Intelligent Virtual Care platform

Over 1,100 hospitals use AvaSure to engage with patients, optimize staffing, and seamlessly blend remote and in-person treatment at scale. Drive measurable outcomes and empower clinicians with episodic care that elevates your virtual nursing and care quality.

Episodic care for future-proof hospitals

High-quality, two-way video gives you full control over the quality of remote patient interactions. Use AvaSure for specialty consults, admits and discharges, rounding, coaching, and more.

Bring your virtual care vision to life

AvaSure's dedicated clinical success managers and expert onboarding team helps you transform your care delivery model across multiple locations. Choose the right device configurations for your facilities, protect against outages and downtime, and help clinical teams fully embrace a modern virtual care platform.

> " AvaSure has done a really good job because they have made their hardware nimble enough to support not only virtual observation functions but also virtual nursing concepts. The vendor is making resources available for a variety of different services and applications."
>
> VP/executive from KLAS research, 2023

Group calling allows remote caregivers and families to join a conversation.

Privacy-conscious polite entry lets clinicians ask before activating a video call.

Access the same experience in a web browser from your hospital workstation or at home.

Integrates with your EHR for seamless workflows.

Reduce staff burnout

Retain top employees with technology that makes the day-to-day work of caregiving easier and less stressful. AvaSure is proven to reduce the burden on clinicians, optimize scheduling and training, and make it easy for nursing leaders to mentor others without having to be on site.

Enterprise-grade, two-way devices

Equip every room with flexible devices accessible via API. AvaSure's high-fidelity cameras can share access to video feeds with partners or stream data to third-party applications.
